

# GROONT

THE  
ULTIMATE  
GRAVEL  
MACHINE

A uniquely versatile gravel machine to take you down the fastest roads and into the chunkiest unknowns.

Groont offers all you need for adventure:

- 3x bottle cages
- Mounts for: fenders, racks, bento box
- Large front triangle for sizable frame bag
- Tire clearance with ample room for mud: 700x45 mm or 650x50 mm — thanks to our CNC machined half yoke

The Groont is dialed for performance and comfort:

- Oversized front triangle tubing for a stiff and stable ride, even when fully loaded

- S-bent seatstays for that magic titanium comfort on tough roads
- Dropper ready! 30.9 mm seat tube ID for a variety of dropper post options. 27.2 mm adapter shipped with every frame
- Transmission diversity: 1x up to 48T narrow - wide or 2x from semi - compact to standard
- Brake mount: CNC machined flatmount 140 mm
- CNC machined driveside half yoke with internal cable routing
- Available in sizes 48 to 60

**10-YEAR  
WARRANTY  
ON FRAME**
